"Take the Torch"

"The youth are the future. I can't run anymore, but I would like to pass them the torch, like at the Olympics, where someone runs, then stops and passes the torch to someone else: because they have only one life, and it's worth it to spend it well." Then tell us WHAT DOES IT MEAN FOR YOU? What will you DO CONCRETELY THIS YEAR? HOW WILL YOU CARRY THE TORCH?

As Chiara Luce said, by giving God...

... in the way I place myself in a
position to listen to others and in
learning how to love them as they are.

During this next year, I will practice

and Love others around me.

Chiara Luce inspires me to focus on what
matters in life. I only have one life, so I want
to live it for Jesus! And her phrase, "If you
want it, Jesus, I want it, too" has helped me
many times to accept the will of God!
